The Most Advanced and Versatile Heavy-Duty Matting System in the World

Suitable for:

## Your Path to Reliable Access in Extreme Environments

### The Innovative Solution for Heavy Vehicle Access on Tough Terrain

- One-piece construction enhances durability, ease of installation and maintenance.
- Made from HDPE plastic with a buoyant inner core for use across boggy and marshy ground.
- Overlapping joints spread heavy loads for extra safety and stability.
- Mats can be joined together in any direction for modular site layouts.
- Static protection feature safeguards sensitive equipment, enhances worker safety, and prevents fire hazards.
- Strong enough for long term projects outlasting timber bogmats.
- 12 month guarantee against breakages by vehicles.
